WORK EXPERIENCE

Bobath Hospital Volunteer Work, Bobath Memorial Hospital, ROK June 2014 — September 2018
Volunteer

- Collected weekly data on resident's daily lifestyle (medication, exercise, diet, etc.) and created new weekly plans for the patients.
- Organized weekly traditional music concerts with student musicians for the elderly residents.

Revera Academy, Seoul, ROK. June 2017– September 2018
Tutor & Teacher Assistant

- Investigated and analyzed student's strengths and weaknesses in different types of problems to create a personalized schedule to optimize student's growth.
- Created personalized study plans based on students' strengths and weaknesses by analyzing students' track record in solving different types of problems.
- Tutored SAT1, AP Physics 1 & 2, and AP Biology by teaching in class, creating educational videos, writing solution manuals, and monitoring student's progress.

Ivyzen Consulting, Seoul, ROK December 2017 — September 2018
Consultant Intern

- Researched and analyzed educational data in United States, South Korea, and the United Kingdom to increase student's readiness for college applications.
- Presented recommendations for research and resources for student's interest in their given major.

LEADERSHIP EXPERIENCE

National Honor Society, Korea International School Aug. 2017 – June 2018
President

- Hosted the first interscholastic club festival where individual clubs showcased their accomplishments and sold products to fundraise for their club activities.
- Coordinated 30+ volunteer services, tutoring opportunities, and teacher assistant opportunities.
- Established a local/global news platform and academic Youtube Channel and Facebook page for the school community.

MIT Launch (global entrepreneurship competition hosted by MIT) Nov. 2016 – June 2018
Technology Director

- Created an online website aimed at facilitating extracurricular finances as the Technology Director of a 6-person team.
- Created and delivered final presentation to the MIT judges.
- Organized a survey of 100+ high school students regarding current financial transactions, and adjusted final product to match consumer needs.
